

Plenary Session	Proton Beam and Heavy Ions Track	Spatial Fractionation (SFRT)	FLASH Teaching Lectures
FLASH Modalities Track	FLASH Mechanisms Track	FLASH in Pre-Clinical and Clinical Settings Track	Proton Beam and Heavy Ions & Spatial Fractionation (SFRT) Track
Industry Sponsored Session			

Programme at a Glance, as of 24 August 2023. Programme remains subject to change.
Conference Time Zone: Toronto, Ontario - Eastern Standard Time (EDT/GMT-4)

Tuesday, 5 December 2023				
Halls	Plenary Hall	Hall B	Hall C	Hall D
09:00 - 09:50	<u>Welcome Words & Plenary Opening Lecture:</u> "What Is Expected in the Field by 2030?" Albert Koong (USA)			
09:50 - 10:00	Short Break			
10:00 - 10:30	<u>FLASH Modalities:</u> Protons Anthony Mascia (USA)			
10:30 - 10:50	Coffee Break & Networking Time			
10:50 - 11:20	<u>FLASH Mechanisms</u> Oxygen and Chemistry Mirna El Khatib (USA)			
11:20 - 11:30	Short Break			
11:30 - 13:00	<u>ORAL PRESENTATION SESSION 01: Facility</u> <u>Overviews & radiation protection</u> (FLASH Modalities I)	<u>ORAL PRESENTATION SESSION 02: in vivo pre-clinical studies</u> (FLASH Mechanisms I)	<u>ORAL PRESENTATION SESSION 03: Clinical trials</u> (FLASH in Pre-Clinical and Clinical Settings I)	<u>ORAL PRESENTATION SESSION 04: Proton Beam and Heavy Ions & Spatial Fractionation (SFRT)</u>
13:00 - 14:15	Lunch Break	13:15- 13:45 Industry Sponsored Session	Lunch Break	
14:15 - 14:45	<u>Proton Beams and Heavy Ions Track:</u> Carbon Ions Walter Tinganelli (Germany)			
14:45 - 14:55	Short Break			
14:55 - 15:25	<u>FLASH Modalities</u> VHEE/Photon I Magdalena Bazalova-Carter (Canada)			
15:25 - 15:40	Coffee Break in the Exhibition			
15:40 - 16:40	<u>E-Poster Presentations</u> Exhibition Area			
16:40-17:10	Networking Time, E-Poster Viewing in the Exhibition Area			
17:10 - 17:40	<u>FLASH Mechanisms</u> Ionizing radiation-induced acoustics in FLASH and CONV radiotherapy? Julie Lascaud (Germany)			
17:40 - 17:50	Short Break			
17:50 - 18:20	<u>FLASH in Pre-Clinical and Clinical Settings</u> Preclinical in Vivo Brita Singers Sorensen (Denmark)			
18:20 - 18:30	Short Break			
18:30 - 20:00	<u>ORAL PRESENTATION SESSION 05: Highest Scored Abstracts</u> (FLASH Modalities II)	<u>ORAL PRESENTATION SESSION 06: Highest Scored Abstracts</u> (FLASH Mechanisms II)	<u>ORAL PRESENTATION SESSION 07: QA and dosimetry for the clinic</u> (FLASH in Pre-Clinical and Clinical Settings II)	
20:00	Welcome Networking Reception - Christmas Market Exhibition Area Open to all conference participants			

Plenary Session	Proton Beam and Heavy Ions Track	Spatial Fractionation (SFRT)	FLASH Teaching Lectures
FLASH Modalities Track	FLASH Mechanisms Track	FLASH in Pre-Clinical and Clinical Settings Track	Proton Beam and Heavy Ions & Spatial Fractionation (SFRT) Track
Industry Sponsored Session			

Wednesday, 6 December 2023				
Halls	Plenary Hall	Hall B	Hall C	Hall D
07:00 - 08:00	FRPT FLASH Yoga Class			
08:30 - 09:00	Spatial Fractionation (SFRT) Track: Spatial Fractionation Lorea Iturri (France)			
09:00 - 09:10	Short Break			
09:10 - 09:40	FLASH in Pre-Clinical and Clinical Settings Clinical Perspectives Alexander Lin (USA)			
09:40 - 10:00	Coffee Break & Networking Time			
10:00 - 10:30	FLASH Mechanisms Model - Oxygen Role Jennifer Zou (USA)			
10:30 - 10:40	Short Break			
10:40 - 12:10	ORAL PRESENTATION SESSION 08: Quality assurance and real time dosimetry (FLASH Modalities III)	ORAL PRESENTATION SESSION 09: in vivo & in vitro studies (FLASH Mechanisms III)	ORAL PRESENTATION SESSION 10: TPS and Clinical Delivery (FLASH in Pre-Clinical and Clinical Settings III)	ORAL PRESENTATION SESSION 11: Mathematical modelling & Physico-Chemistry (FLASH Mechanisms IV)
12:10 - 13:25	Lunch Break	12:15- 13:15 Industry Sponsored Session	12:15- 13:15 Industry Sponsored Session	Lunch Break
13:25 - 14:05	Proton Beams and Heavy Ions Track: Toward Clinical Trial. From Preclinical Studies To Domestic Animals Trials and Human Patients Serena Psoroulas (Switzerland)			
14:05 - 14:15	Short Break			
14:15 - 14:45	FLASH Teaching Lecture Hypoxia and Radiation Response Marianne Koritzinsky (Canada)			
14:45 - 15:00	Coffee Break in the Exhibition			
15:00 - 16:00	E-Poster Presentations Exhibition Area			
16:00-16:30	Networking Time, E-Poster Viewing in the Exhibition Area			
16:30 - 17:00	FLASH Modalities VHEE/Photon II Vincenzo Patera (Italy)			
17:00 - 17:10	Short Break			
17:10 - 17:55	Debate: TBA			
17:55 - 18:05	Short Break			
18:05 - 18:35	Spatial Fractionation (SFRT) Track: Spatial Fractionation Imma Martinez-Rovira (Spain)			
19:30 - 23:00	FLASH Networking Event Tickets may be purchased			

Plenary Session	Proton Beam and Heavy Ions Track	Spatial Fractionation (SFRT)	FLASH Teaching Lectures
FLASH Modalities Track	FLASH Mechanisms Track	FLASH in Pre-Clinical and Clinical Settings Track	Proton Beam and Heavy Ions & Spatial Fractionation (SFRT) Track
Industry Sponsored Session			

Thursday, 7 December 2023				
Halls	Plenary Hall	Hall B	Hall C	Hall D
08:30 - 09:00	FLASH Mechanisms Multiscale Modeling of Ultrahigh Dose Rate Response Emanuelle Scifoni (Italy)			
09:00 - 09:10	Short Break			
09:10 - 09:40	Proton Beams and Heavy Ions Track: Protons Michele Kim (USA)			
09:40 - 10:00	Coffee Break & Networking Time, E-Poster Viewing in the Exhibition			
10:00 - 10:30	Spatial Fractionation (SFRT) Track: Cracking the Code: Microbeam RT at FLASH Dose Rates; the Ultimate Radiobiological Puzzle Cristian Fernandez-Palomo (Switzerland)			
10:30 - 10:40	Short Break			
10:40 - 12:10	ORAL PRESENTATION SESSION 12: Quality assurance and real time dosimetry & New Horizons in FLASH (FLASH Modalities IV)	ORAL PRESENTATION SESSION 13: Late-breaking Abstracts I	ORAL PRESENTATION SESSION 14: Late-breaking Abstracts II	
12:10 - 12:20	Short Break			
12:20 - 12:50	FLASH Teaching Lecture: The AI Era in Radiobiology TBA			
12:50 - 14:05	Lunch Break	12:50 - 13:50 Industry Sponsored Session	12:50 - 13:50 Industry Sponsored Session	Lunch Break
14:05 - 14:35	FLASH Modalities Photon FLASH: Revisiting Temporal and Spatial Fractionated Radiation Therapy John Wong (USA)			
14:35 - 14:45	Short Break			
14:45 - 15:15	FLASH in Pre-Clinical and Clinical Settings Preclinical in Vivo- Tg Mouse David Kirsch (Canada)			
15:15 - 15:30	Coffee Break in the Exhibition			
15:00 - 16:00	E-Poster Presentations Exhibition Area			
16:00-16:30	Networking Time, E-Poster Viewing in the Exhibition Area			
16:30-17:00	FLASH in Pre-Clinical and Clinical Settings Title TBC Lesley Jarvis (USA)			
17:00-17:15	Short Break			
17:15-18:00	Balloon Debate: The Biggest Advance in Radiotherapy in the Next 10 Years Will Come From..? FLASH SFRT Combination Treatments AI			
18:00-18:10	Short Break			
18:10 - 18:35	Closing Ceremony Announcing the Best Oral Awards & Best E-Poster Awards
